# MIND OVER METAL CAMP

July 6 – 10, 2026

9:00a.m. – 3:00 p.m.

## WELD WITH US TUITION FREE!

Welding is a high-demand skilled trade that builds everything from cars and custom furniture to infrastructure, robotics, and manufactured components. Mind Over Metal camps introduce participants (ages 12-17) to the fundamentals of welding and joining through immersive projects that combine safety, technique, and creativity. Best of all, this program is offered tuition free.

Participants will gain confidence with the tools, materials, and processes used in modern welding environments and leave with finished projects, practical skills, and a sense of accomplishment. Through guided instruction and hands-on challenges, this camp builds both self-esteem and career-ready abilities that can be carried into the skilled trades.

## GET INVOLVED!

**CNA-Placentia Campus**  
1 Roosevelt Ave  
Placentia, NL A0B 2Y0
