REINFORCE OUR FUTURE

SUPPORT FOR IRONWORKERS

When a member, jobsite or local needs help

Modern Assistance provides specialized behavioral health support to IMPACT, International leadership, District Councils, Local Unions and safety teams across the U.S. and Canada.

WHY ACTIVATE OUR SERVICES

- A jobsite fatality, serious injury or traumatic event has occurred
- A member is expressing suicidal thoughts or there is concern about immediate safety
- A local or safety team is responding to an overdose, substance use crisis or suspected impairment
- Leadership needs help managing grief, traumatic loss, family impact or member communication
- A supervisor, steward or safety professional is unsure how to respond to a complex behavioral health situation
- Members need connection to treatment, recovery resources or appropriate local services

WHAT MODERN ASSISTANCE PROVIDES

- 24/7 direct access for crisis triage and immediate clinical consultation
- Guidance for safety directors, union leadership, District Councils and Local Unions
- Critical incident planning and rapid coordination of on-site support when needed
- Suicide prevention, postvention and grief response guidance
- Addiction referral support and behavioral health resource navigation
- Traumatic loss coordination for members, families and leadership
- Behavioral health strategies that strengthen jobsite safety culture
